

Vidyabharti Trust College of MCA, Umrakh

Seminar on "AVOID BEING HAKED: NETWORK PENETRATIO TESTING"

Vidyabharti Trust College of MCA has organized a seminar on "Avoid Being Haked: Network Penetration Testing" on dated 6th August 2021. 50+ MCA students took the benefit of seminar which was delivered by expert Mr. Himay Parekh and Mr. Shiv Patel – Cyber Security Expert Penetration Tester.

The objective of this Seminar was to provide knowledge about Avoid Being Haked: Network Penetration Testing.

The following topics covered during the webinar:

1. What is Hacking?
2. Brief overview about network hacking tools.
3. Introduction about port, switch and router as well as some network related commands.
4. How to perform network penetration testing?
5. Practical demonstration of backdoor attack in OS.

The seminar was quite interactive followed by question-answer session.
