Vidyabharti Trust College of Mater in Computer Application, Umrakh

Three Days workshop on "LARAVEL"

- Vidyabharti Trust College of MCA has organized a three-day workshop on "Laravel" dated on 05th December 2022 to 07th December 2022. An MCA first year student took the benefit of a workshop which was delivered by an expert, Mr. Dhvanil Patel Currently, serving as Data Analyst at Kevalam, Surat).

- The objective of this workshop was to provide knowledge about the Laravel Framework in order to succeed in an academic career as well as a professional career and also to encourage students to gain more knowledge through practical.

- Laravel is a web app development framework with expressive and elegant syntax that makes the entire web development process faster, easier, and enjoyable for developers by eliminating all the pain points associated with handling complex PHP code.

- The first day, the expert started a session with an overview of Laravel and Laravel architecture. On the same day, an expert covers topics that include introduction of the Laravel framework, installation, how to call method, how to display names on a browser, route and controller. A Workshop was held with practical demonstrations and students were also performing it simultaneously. The workshop was quite interactive, followed by technical discussion.

- The second day session began with how to create pages, what is M.V.C, how to route, Middleware, Models & Migrations followed by database connectivity. Afterward, students were guided about opportunities in corporate with Laravel Technologies and ways to enter in corporate.

- The third day session started. It was set in motion with CRUD operations through practical demonstration. Students also implement it as per expert demonstrate to them.

Outcome of Workshop:

- Mr. Dhvanil Patel has delivered such an energetic presentation for Why to use Laravel framework. He has shown live demo of how to build website.

- Students found this is very helpful in their career growth. They got clear information about the “Laravel framework” and future opportunities with Laravel technologies. Students found the workshop incredibly knowledge gaining for their future.

❖ GLIMPSE OF THE DAY:

- At the end workshop was ended with question-answer session. Workshop was concluded by Prof. Priyank Patel (Event Coordinator) with vote of thanks to our expert.
